

Molecular mechanisms of ageing and regeneration:

From hydra to humans

5 – 12 September 2024 | Spetses, Greece

Organizers

Christoph Englert

Leibniz Institute on Aging, DE

Tatjana Piotrowski

Stowers Institute for Medical Research, US

Registration

Registration deadline

1 May 2024

Abstract submission deadline

30 June 2024

Students/Postdocs 850 EUR

Contact

Ramona Taubert

#EMBOageingRegen

Speakers

Kerstin Bartscherer

Osnabrück University, DE

Aydan Bulut-Karslioglu

Max Planck Institute for Molecular Genetics, DE

Clara Correia-Melo

Leibniz Institute on Aging, DE

Eran Elinav

Weizmann Institute of Science, IL
& German Cancer Research Center, DE

Christoph Englert

Leibniz Institute on Aging, DE

Elaine Fuchs

The Rockefeller University, US

Aissam Ikmi

European Molecular Biology Laboratory Heidelberg, DE

Celina Juliano

University of California Davis, US

Ana Martin-Villalba

German Cancer Research Center, DE

Christof Niehrs

Institute of Molecular Biology, DE

Philipp Niethammer

Memorial Sloan Kettering Cancer Center, US

Tatjana Piotrowski

Stowers Institute for Medical Research, US

Kenneth Poss

Duke University, US

Alejandro Sánchez Alvarado

Stowers Institute for Medical Research, US
